No.FST-Lit/14/2021(7268750)

Dated.20.05.2024

Subject: Monthly Progress Report by States/UTs, pursuant to the Hon'ble NGT order dated 24.09.2020 in the matter of OA No.673/2018 for the month of April, 2024.

Sir,

With reference to the subject captioned above, I am directed to forward herewith a copy of Monthly Progress Report (as per revised format) in respect of Union Territory of J&K, for the month of April, 2024 for favour of information and further necessary action.

The data in the Monthly Progress Report has been compiled after receiving inputs from J&K Pollution Control Committee and Housing and Urban Development Department.

Yours faithfully,

(Vivek Modi) 20/05/2024
Special Secretary (Technical)

Encls:As above.

Copy along with enclosure to the:-

1. Member Secretary, Central Pollution Control Board, New Delhi.
2. Member Secretary, J&K Pollution Control Committee.
3. PS to Financial Commissioner (ACS), Jal Shakti Department.
4. PS to Commissioner/Secretary to the Government, Housing & Urban Development Department.
5. PS to Commissioner/Secretary to Government, Mining Department.
6. PS to PCCF & HoFF, J&K.

Revised format for submission of Monthly Progress Report in the NGT Matter OA No. 673 of 2018 (in compliance to Hon'ble NGT Order dated 24.09.2020)

For the month of April - 2024

For the Union Territory of Jammu & Kashmir

Overall status of the UT:

I. Total Population : Urban Population & Rural Population separately (**projected 2020**)

- a) Urban Population = 48.43 lac.
- b) Rural Population = 101.57 lac.

II. Estimated Sewage Generation (MLD):

- a) Urban @ 108 lpcd=523 MLD
- b) Rural @ 44 lpcd= 447 MLD.

III. Details of Sewage Treatment Plant:

- Existing no. of STPs and Treatment Capacity in (MLD): 22 Nos. (166.39 MLD)
- Capacity Utilization of existing STPs: 95.23 MLD
- MLD of sewage being treated through FSTPs:0.58 MLD
- Gap in Treatment Capacity in MLD: 356.61 MLD
- No. of Operational STPs: 20 Nos.
- No. of Complying STPs: 20 Nos.
- No. of Non-complying STPs: 02 Nos.

- (A) Details of each existing STP in the UT of J&K — Annexure-I(A).
- (B) Details of under construction STPs in the UT of J&K – Annexure-I(B).
- (C) Details of Proposed STPs in the UT of J&K – Annexure-I(C).

IV. Details of Industrial Pollution:-

Status of ETPs as per Field Report						
No. of Industries in the UT of J&K		Total No. of Water Polluting Industries in the UT of J&K require ETPs	No. of Industries having Functional ETPs	No. of Industries operating without ETPs	Quantity of Effluent generated from the Industries in MLD	Remarks
Jammu	4746	191	189	2	14.597	(2) notices issued
Kashmir	5554	104	79	25	1.943	(15) closure orders issued. (5) closure proceedings initiated. (5) notice issued
Total	10300	295	268	39	16.54*	

*#(Data of quantity of effluent generated from the industries is reconciled)

- Status of the CETPs Existing and Proposed:

Status of CETPs			Total
Existing	Under Construction	Proposed	
a) Phase I SIDCO IGC, Samba = 1 MLD b) Phase II SIDCO IGC, Samba = 1 MLD c) Phase II SIDCO IGC, Samba = 0.5 MLD d) Phase III SIDCO IGC, Samba = 0.5 MLD	a) Industrial Estate, Digiana, Jammu = 0.1 MLD. b) Back side of M/s Sudhir Gensets, SIDCO Complex, Bari Brahmana = 1.5 MLD c) EPIP SIDCO, Bari Brahmana = 0.5 MLD		

a) Industrial Area Ghatti Tehsil and District Kathua (Installed but not commissioned as yet) = 0.45 MLD	a) SICOP CETP IID Centre Batal Ballian, Udhampur = 0.5 MLD b) SICOP CETP IID Centre Batal Ballian, Udhampur = 0.5 MLD		
a) IGC Lassipora Pulwama = 600 KLD b) IGC Lassipora Pulwama = 500 KLD c) I E Khunmoh Srinagar = 500 KLD d) I E Khrew Pulwama = 50 KLD e) I E Wuyan Pulwama = 500 KLD f) I E Bagi Ali Mardan (Srinagar)= 500 KLD g) I E Chotipora Kupwara = 50 KLD h) I E Ganderbal = 10 KLD	a) I.E Rangreth Budgah = 1000 KLD	a) I E Radbugh, Kupwara =10KLD b) I E Branwari Kupwara = 10 KLD c) I E Branwari Kupwara = 10 KLD	
13	6	3	22

V. Solid Waste Management:

Solid Waste Management	
Total Number of Urban and Local Bodies and their Population.	76 Urban Local Bodies and 02 Municipal Corporations. JMC = 746265 (2023) estimated SMC = 11.92 lacs as per 2011 census, as on date 15.50 lacs approx ULBs Jammu = 460289 (2011 census) ULBs Kashmir = 923310 souls
Current Municipal Solid Waste Generation	Jammu Municipal Corporation: 374 TPD MSW + 96 TPD Sanitation Waste Srinagar Municipal Corporation: 520 TPD Directorate of Urban Local Bodies- Jammu: 235 TPD Directorate of Urban Local Bodies-Kashmir: 324 TPD Total = 1453 TPD
Number, installed capacity and utilization of existing MSW processing facilities in TPD (bifurcated by type of processing eg- i. Waste to Energy (Tonnage and Power Output), ii. Compost Plants (Windrow, Vermi, decentralized pit composting), iii. Bio-methanatiuon, MRF etc.	Details given in Annexure-II
Action plan to bridge gap between Installed Capacity and Current Utilization of processing facilities (if Gap > 20%)	Details given in Annexure-II(a)
No. and capacity of C&D waste processing plants in TPD (existing, proposed and under construction)	Annexure-III

Total no. of wards,	1124	Details at Annexure-IV
no. of wards having door to door collection	1124	
no. of wards practicing segregation at source	JMC = 40% Overall SMC = 60% in all wards DULBJ = 268 DULBK = 428	
Details of MSW treatment facilities proposed and under construction (no., capacity, and technology)	Details given in Annexure-V	
No. and area (in acres) of uncontrolled garbage dumpsites and Sanitary Landfills.	Annexure-VI	
No. and area (in acres) of legacy waste within 1km buffer of both side of the rivers	9 sites (8 in Kashmir, data on area awaited, 01 site of 32 acres in Jammu)	Details on Annexure-VII
No. of drains falling into rivers and no. of drains having floating racks/screens installed to prevent solid waste from falling into the rivers	ULBs of Kashmir Division: 98 drains, data on number of Trash guards installed awaited. SMC: 120 trash guards installed. JMC: 26 drains, No trash guards installed.	
MSW Management ULB	76 ULBs and 2 Municipal Corporations.	Annexure-VIII
Total MSW generation in TPD	1453	
Total MSW being processed in TPD	358	
Existing MSW facilities Utilization Capacity of the existing MSW facilities Proposed MSW Facilities & Completion Timeline		

VI. Bio-medical Waste Management:

- Total Bio-medical generation:

- Jammu = 1748.78 Kg/day as per Annual Report 2022
 - Kashmir = 6902.64 Kg/day as per Annual Report 2022
- Total = 8651.42 Kg/day**

Covid-19 Bio-medical waste for the month of April-2024:

- Jammu = Nil
- Kashmir = Nil

- No. of Hospitals and Health Care Facilities:**

- Jammu = 4024
- Kashmir = 3647

Total = 7671

- Status of Treatment Facility/ CBMWTF: 3 Operational Facilities** with PCDs, OCEMS installed in facility
 - M/s Anmol Health Care, Jammu (OCEMS installed).

- b) M/s Kashmir Health Care System, Kashmir (OCEMS installed).
- c) M/s Clean City Waste Management, Kashmir (OCEMS installed).

VII. Hazardous Waste Management:

- Total Hazardous Waste generation:
 - a) Jammu = **2093.0028** MT / Annum.
 - b) Kashmir = **443.28** MT/Annum.
 - Total = 2536.2828 MT/Annum**
- No. of Industries generating Hazardous waste :
 - a) Jammu = 261
 - b) Kashmir = 165
 - Total = 426**
- Avg. Quantity of Hazardous waste reaching the TSDFs and Treated:
 - a) Hazardous waste is being disposed off through TSDFs located outside J&K, through M/s Bharat Oil and Waste Management Ltd, Kanpur Dehat (UP) authorized by JKPCC.
 - b) Hazardous waste is also disposed off in TSDFs namely M/s Ramasethu Infrastructure Pvt. Ltd. located at IGC Samba, J&K.

VIII. Plastic Waste Management:-

- Total Annual Plastic Waste generation in J&K = **34384** MT/Annum (app.), with monthly average of **2865** MT (app.)
- Seizure done (**April-2024**)
 - a) Polythene = 223.80 Kg
 - b) SUP = 27.02 Kg
 - Total = 250.82 Kg**
- Treatment/Measures adopted for reduction or management of plastic waste:
 - a) Regular seizure of illegal polythene and banned SUP by Anti-Polythene Squad.
 - b) Using seized polythene in overlaying of roads.
 - c) Using seized polythene in cement kilns along with conventional fuels.

ULB/Municipal Corporation –wise details are given as **Annexure -IX**

IX. Details of Alternate Treatment Technology being adopted by the State/UT : Septage Treatment Plants commissioned as Alternate Treatment Technology:

- a) Bhagwati Nagar Jammu = **164** KLD
- b) Anantnag = **62** KLD
- c) Alluchi Bagh = **164** KLD
- d) Achan = **130** KLD
- e) Co-treatment facility at Baryal Udampur = **60** KLD

X. Identification of polluting sources including drains contributing to river pollution and action as per NGT order on insitu treatment:- Details are given as **Annexure -X**.

XI. Details of Nodal Officer appointed by Chief Secretary in the State/UT: -

XII. Details of meetings carried under the Chairmanship of Chief Secretary in the State/UT: -

XIII. Latest water quality of polluted river, its tributaries, drains with flow details and ground water quality in the catchment of polluted river: -

- No. of Polluted River Stretches in Jammu and Kashmir = **09**
- a) No. of Polluted River Stretches in Jammu = **05**
- b) No. of Polluted River Stretches in Srinagar = **04**

XIV. Ground water regulation:

The regulation of ground water is mandate of the J&K Water Resources Regulatory Authority under the J&K Water Resource Regulation and Management Act, 2010. The Authority while approving new schemes or monitoring existing schemes can bar or cancel exploitation of ground water if it feels that exploitation of ground water is not in accordance with the provisions contained in JKWRRRA Act 2010 & Rules – 2011.

The Ground water regulation is mandated only when the area to be exploited comes under grey zone or black zone. The macro management of Ground Water is prerogative of Water Resources Regulatory Authority which has power to put an embargo on exploitation of Ground Water Resources, should these border on grey or black zones. Besides, the guidelines for regulation and control of Ground Water Extraction in the UT of J&K in consonance with Central Ground Water Authority is under formulation.

XV. Good irrigation practices being adopted by the State:

For providing better irrigation facilities to the beneficiaries, various irrigation schemes are under execution with the objective of increasing the irrigation potential and its effective utilization. For this purpose the various schemes under Capex Budget, NABARD Loan Assistance and Centrally Sponsored Schemes are under execution.

The focus of these interventions is to prevent losses and provide stable irrigation conveyance system. Lift irrigation system where gravity water is not available or not feasible are also constructed for providing assured irrigation facilities. Further Community participation is also ensured for best / optimum utilization of available water to all beneficiaries. Besides, the State/UT Irrigation plan is also under process.

XVI. Rain Water Harvesting: In terms J&K Unified Building Byelaws, 2021, chapter 10, Clause 10.1 to 10.4 the provision of Rain Water Harvesting is there to be followed by the ULBs in the UT of J&K.

XVII. Demarcation of Floodplain and removal of illegal encroachments:

The Revenue details of four flood basins which include Hokersar, Nowgam, Hygam and Narkara Numbal have been forwarded to JK WRRRA for notifying them as flood basins along with extents of flood inundation witnessed in 2014 historic flood through ground truthing and flood expanse boundaries mapped on Google earth. The same is being examined by the authority as per the Act. The details of rest three:

1. Left side flood plain from Sangam to Srinagar.
2. Anchar Lake.
3. Wullar Lake

are being sought from the concerned Revenue authorities through the office of the Divisional Commissioner Kashmir which too shall be made available to JKWRRRA for necessary action at their end.

Moreover, Removal of encroachments is a concurrent process and on the directions of Hon'ble Court in the PIL 02/2014 titled Peer Noor-ul-Haq Vs State & others, Hydraulic study/Flood plain zoning for river Ujh and Sahar Khad in District Kathua has been completed by the Excel Geomatics PVT LTD. The delineation process is in progress.

Hydraulic study/Flood Plain regulation of River Tawi and Balole Nallah in Jammu District is being carried out by JTRFP. Draft report has been submitted for comments. After publishing of final report, remaining process shall be initiated.

In respect of Jammu Division, the hydraulic study/Flood plain zoning of remaining Rivers/Nallahs is in process and after completion of Flood Plain zoning, necessary process for delineation/notification of flood plan zone shall be initiated.

XVIII. Maintaining minimum e-flow of river:

There are no storage reservoirs on the River Jhelum and Chenab, so the minimum environmental flow is assured at all times. The department has a regulating structure at Srinagar known as Chattabal Weir, to ensure navigation during lean season in the upstream besides ensuring the eco-flow on upstream without affecting the conditions in the downstream. However, in perennial Rivers/Nallahs, the projects are being framed after ensuring the eco-flow.

XIX. Plantation activities along the rivers:- Updated status awaited from PCCF & HoFF, J&K.

S.No.	Polluted River Stretch
1)	River Devak, Udhampur
2)	Banganga, Holy Stream, Katra
3)	River Tawi, Jammu
4)	River Basanter, Samba
5)	River Chenab at Akhnoor
6)	River Chuntkol (A tributary of Jhelum)
7)	River Gawkadal (A tributary of Jhelum)
8)	River Jhelum at Srinagar (Anantnag to Chhatabal Weir)
9)	River Sindh at Ganderbal, Srinagar

XX. Development of Biodiversity Park: Jammu Development Authority has developed a park in 5.6 hectare at the bank of river Tawi area of polluted river stretch recently.

All ULBs and Two corporations has constituted Biodiversity Management Committee under section 41(1) of Biological Diversity Act, 2002; and Rule 19 of the J&K Biological Diversity Rule, 2015. And the meetings of their committees are carried out on regular basis.

XXI. Reuse of treated water:

- a.** Proposed in Katra DPR under reuse of Treated Water through Pumping Plant with Rising Main to Railway Station Katra for cleaning and washing purpose.
- b.** Proposed in Udhampur under reuse of Treated Water from
 1. STP-1 site to Air Force station Udhampur for Horticulture purpose.
 2. STP-2 site to Army Unit for cleaning and washing purpose.
 3. STP-3 site to 5071, 5171 AC Battalion and 874 Alfa Unit for cleaning and washing purpose.
 4. A draft policy for reuse of treated waste water has been framed and is under review.

XXII. Model River being adopted by the State & Action Proposed for achieving the bathing quality standards:

S.No	Location/ Rivers	Priority	Capacity of STP proposed in MLD	Status of Project(at DPR Stage/Under tendering/work to be awarded)	Likely date of completion	Remarks

However, DPRs being recast by PDMC to restrict the cost to the extent of available funds under AMRUT 2.0 DPRs for used water management in these three cities stands vetted by DCW at costs Rs. 41.65 cr, Rs. 29.91 cr. and Rs. 96.26 cr respectively.
5.	<u>ChuntKul-Gawkadal (Tributary of Jhelum)</u>	(III)	STP = 8 MLD	AA&ES accorded by NRCD vide No.J-24023/3/2019-NRCD-II Dated 18.03.2024 for an amount of Rs. 63.81 Cr. on a 90:10 funding pattern.		Preparatory actions viz Opening of SNA and Holding accounts for the CSS done along with on boarding of the scheme on PFMS. An amount of Rs. 14.35 Cr. stands released by NRCD.

XXIII. Status of Preparation of Action Plan by the 13 Coastal States: Does not pertain to J&K.

XXIV. Regulation of Mining Activities in the State/UT:

The Geology & Mining Department, J&K is implementing the Enforcement and Monitoring Guidelines for regulating mining activities in J&K, UT consistently and the following steps have been/are being taken such as:

1. Feasible Geo-referenced Minor Mineral Blocks of all the River Beds/Nallahs were prepared/carved out and put to e-auction through District Level Auction Committee under Chairmanship of Deputy Commissioner. In total 384 minor minerals blocks have been e-auctioned in J&K UT. Out of 384, 376 have been issued in respect of minor mineral blocks to various Project Proponents. Out of 376

issued, 363 Mining Plans have been approved by the Competent Authority. 67 Mining Leases have been granted to various Project proponents in whose favour Environmental Clearance & Consent to Operate have been issued. Moreover, 56 Mining Leases in respect of e-auctioned minor mineral blocks have been operationalized to meet out the construction material requirement of the general public as well as government works such as National Highways, PMGSY Roads, AIIMS etc.

2. District Survey Reports in respect of all the Districts stands prepared in J&K UT.
3. A Replishment studies for updating of District Survey Report has been taken up in various rivers/nallahs of J&K, UT.
4. Minor mineral blocks in left out/uncovered areas in various rivers/nallahs in J&K UT are being carved out and shall be put to e-auction after seeking NOCs from all Stake Holder Departments as per the guidelines strictly.
5. At stationery clearances including Environmental Clearance and C.T.O. has been made pre-requisite for Grant of any mining Lease/quarry permit/ STP permission.
6. Environmental Audit condition as per the Hon'ble NGT directions has been incorporated in the Mining Lease Deed.
7. District Level Task Force Cell has been constituted vide Government order No.1569-GAD of 2018 dated 22.10.2018 to curb the illegal Mining issues in the district and the rates of Minor Minerals including Sand in all the districts of J&K UT have been fixed by the District Administration of concerned District for regulating the Sale Price of Minor Minerals.
8. For proper Transportation of Minor Minerals, transportation challans with following security feature have been introduced recently:-
 - a) Unique Bar Code.
 - b) Unique quick response code.
 - c) Water Nark.
9. The Department has taken up the construction work of several check posts and in process to install Hi-Tech system with CCTVs to monitor the transportation of Minor Minerals including River Bed Material in J&K UT.
10. Wherever the guidelines are violated, the action under section 21(4) and (5) is taken against the violators.

XXV. Action against identified polluters, law violators and officers responsible for failure for vigorous monitoring:

In case of any defaulter/violator who encroaches, compromises the safety of any embankment or water body or any irrigation infrastructure or canal or carries out illegal river bed material extraction, the department under the Water Resources Regulation & Management Act, 2010 is mandated to take action as warranted under various sections like Section 66 (1,2), Section 67 (1,2), Section 72 (1,2,3,4), Section 73, Section 81, Section 83 (1,2,3,4), Section 84, Section 86 (a,b), Section 87 (1,2,3) etc.

There are also provisions under the Civil Services Conduct Rules, 1971 to take action against officers, if any found responsible for violation.

Srinagar Municipal Corporation i) Vide Government Order No. 255-HUD of 2017 dated 22/11/2017, the Commissioner, Srinagar Municipal Corporation has issued Letter of Intent (LOI) in favour of (sole) bidder namely, M/S. Highland Automobiles Pvt Ltd. (in consortium with Key Stone Energy System LLP & Astrix Infra Pvt Ltd.), now an SPV namely, Syntech Bio- energy Pvt. Ltd., for establishment of 5MW capacity Waste-to- Energy Plant (disposal of 500+125 TPD) at landfill site Achan subject to certain terms and conditions including that the rates/tariff on which power shall be purchased will have to be adopted by the J&K State Electricity Regulatory Commission before signing the Power Purchase Agreement in terms of J&K Electricity Act, 2010. The SMC has issued with all necessary documents required by the Project Proponent to approach the JERC for adoption of discovered tariff and subsequently the Power Purchase Agreement (PPA) shall be signed by the concerned stakeholders who include Housing & Urban Development Department, J&K Power Development Department & the Project Proponent. The signing of PPA and adoption of tariff by the JERC is being pursued. ii) As on date, approximate 520 TPD waste is being dumped at the Achan Site. Out of 520 TPD waste, 130 TPD waste is processed. iii) A Material Recovery Facility (MRF) is operational at SMC's dumping site where 25 Rag Pickers are working and recovering the recyclable material. The Rag Pickers have collected 935 MTs of plastic waste etc. at MRF up to April 2024

v. Action plan to bridge gap between Installed Capacity and Current Utilization of processing facilities (if Gap > 20%)**1. Jammu Municipal Corporation****GAP = 374-10=364**

JMC is in the process to setting up two Waste Processing facilities to fill the GAP between waste generation and waste processing. These initiatives have been taken by the JMC:

MSW Facilities	Capacity (TPD)	Technology	Status
Solid Waste Processing facility in Kot-Bhalwal (operated by NAFED)	350 TPD	Biogas , Composting and MRF Centre	1.JMC signed the Concession agreement with NAFED on 07th April 2021 2. As per the Agreement 110Kanal land has been allotted. 3. CEF Jammu Energy Pvt (SPV of NAFED) has started the work, and the Construction of the Boundary wall is completed. 4. As per CA JMC will pay Rs 20.00 Crore VGF to NAFED as CAPEX support and fund requisition sent to Government. And on approval of the Government JMC has transferred an amount of Rs.8.39 Crores to NAFED against VGF. 5. The commissioning of MRF has been completed will start in April 2024 and the construction work of CBG is expected to be completed by December, 2024.
Integrated Solid Waste Management Facility in BandhuRakh	125 TPD	Biogas , Composting and MRF Centre	JMC floated the tender on 15th March 2021 to select a bidder for the setup of ISWM in Bandhu-Rakh and the L1 bidder M/s BVG India Limited selected. Allotment could not be processed because the lowest bidder (L-1) failed to undertake the work and allotment was cancelled on 30-07-2022.

I/389908/2024

			JMC has revised the TEFR as per SBM 2.0 which is Vetted by IIT Jammu and a fresh tender was floated on 16-09-2022 but only one bid was received, so JMC has floated the tender again on 04- Nov-2022 (Second call). Three bids were received in ISWM Zone-3, and technical evaluation is completed, 3 bidders are responsive and L1 bidder has been selected and a team constituted and will verify the project details of the L1 bidder which are submitted as their work experience, and the committee has submitted their satisfactory report. Proposal to be forwarded to Public Private Partnership cum Project Appraisal Cell (PPCPA) for approval so that work can be allotted. A meeting of the Steering Committee for PPP projects for finalization of the Integrated Solid Waste Management Facility at Zone - 3 of Jammu Municipal Corporation on PPP mode was held on 14-07-2023 under the chairmanship of Chief Secretary, UT of J&K. Minutes of the meeting has been received . The proposal was submitted to the Administrative Council on 08.01.2024. Approval is awaited.
Plastic Recycling Facility	05 TPD	Plastic Product	JMC has signed an MoU with CEE (Centre for Environmental Education) for the set-up of the plastic facility in Bandu-rakh. Construction work has been completed, and the machinery part will be installed by the end of January 2024.
Srinagar Municipal Corporation Srinagar Municipal Corporation is working on to implement a holistic solid waste management strategy with a vision to make Srinagar: 1. Litter Free 2. Bin Free 3. Dust Free			

I/389908/2024

4. Land Pollution Free Some of the major interventions undertaken by SMC, are as below: 1. Fleet up gradation and additional deployment of hoppers/compactors/bins for achieving the 100% collection & transportation system. Procurement of 100 Nos. of Light Commercial Vehicles (LCVs) already completed. Further procurement of 100 LCVs has been completed by the Mechanical Engineering Department. With the augmentation of 200 LCVs (100 Nos procured and 100 Nos. now procured), the door to door collection of segregated waste target shall be achieved. 2. 12 Garbage Transfer Stations are planned across the city. The Garbage Transfer Stations (GTS) will be located in different parts of the city and will be equipped with equipment's like ancillary infrastructure facilities, compactors, bins, hook loaders, leachate system and Material Recovery Facility. Tenders for setting up of 3 GTSs floated for 4th time due to poor response. 3. Augmentation of existing Compost Plant for processing of 100% waste and to improve the quality of compost. 12 Nos of Insta Waste Convertors proposed to be set up at GTSs. 03 Nos of such Waste Convertors already procured. 4. 4 nos. of Mechanical Sweepers procured which would reduce 3 times operational cost from manual Street Sweeping. Similarly, 3 Nos. of water sprinklers already procured and supply received. 5. Setting up of Animal Carcass Incinerator and Poultry Waste Incineration for the safe and scientific disposal of animal carcass and poultry waste. Tenders already floated through Mechanical Engineering Department. 6. DPR for setting-up C&D waste processing facility is being prepared. 7. Installation of 3000 coloured coded litter bins in the city already tendered out. Supply received. 70% installation of bins completed and further installation under execution. 8. 13 Nos of state-of-the-art underground bins to be set up throughout the city. Work under execution and 04 out of 13 installed. 9. 3 Nos of electronic Waste Pickers procured. Supply received. Deployment of such waste pickers made. 10. A GIS based integrated waste management system which will have features like Fleet Management System, Geo-fencing and Geo mapping, Bio metric staff management system RFID based house numbering. 12. Srinagar Municipal Corporation is running a separate waste collection service for bulk waste generators. This is a user charge-based service where separate vehicles are being deployed for bulk waste collection. This ensures proper segregation of waste and also help in the revenue generation by Municipal Corporation.
3. Urban Local Bodies, Jammu
The details of the action plan to bridge the gap between current requirement and installed facility/current processing is provided under Annexure-XI
4. Urban Local Bodies, Kashmir
Action Plan for decentralized facility for every ULB has already been approved by the State Level Apex Committee of Swachh Baharat Mission held on 16.03.2021 under the chairmanship of Chief Secretary J&K. Revised Action Plan has been prepared and by UTLTC headed by Principal Secretary , HUDD , Govt. of J&K & UTHPC headed by Chief Secretary , Govt. of J&K for INR 239.74 cr.

No. and capacity of C&D waste processing plants in TPD (existing, proposed and under construction)	Existing facilities: (Nil) One collection centre created at Bhagwati Nagar site for storages of C&D Waste. Proposed facilities:-01 JMC has prepared the comprehensive DPR for setting up the C&D waste Processing Facility. RFP drafted and proposal sent for administrative approval and tender will be floated after receiving the approval, on PPP mode and estimated capital cost 7.17 Cr. Facilities under construction:- Nil	The SMC is contemplating to set up 50 TPD capacity C&D Waste Processing Plant in Saidapora, Achan. The DPR is under process. C&D Waste collection centre at dumping site Achan, Srinagar already notified.	As on date, no C&D processing Plant has been established in any of the ULBs of Jammu Division. A survey has been conducted in all ULBs to determine the quantity of C&D waste generated. The C&D waste generated in all the ULBs varies month to month between 500 kgs to 5 Tonnes. As per the survey report we have started the process of preparing RFPs for the installation of C&D waste processing plants in 36 ULBs. As per the proposed action plan, the sanitary landfill sites to be developed & C&D shall also be disposed at the designated place at Sanitary landfill site. The Chief Executive Officers/Executive Officers have already been directed to dump the C&D waste at the identified site only.	02 Proposed Uran Hall in Anantnag. & Jetty in Baramulla

<u>Waste to Energy Plant:</u> Letter of Intent for establishment of 5MW capacity Waste-to- Energy plant capable to deal 500+/- 125 MT/D already issued. The plant is based on Gasification Technology. The SMC has already handed over land measuring 10 acres to the project developer who has undertaken civil works at site.				
<u>Construction of land fill Cell No: IV:</u> Construction of landfill cell No. IV at dumping site Achan, Srinagar stands already tendered. Bids received, Technical and financial evaluation of bids already done. Administrative approval granted. Award of work by June 2024.				
<u>Bio Remediation of legacy waste:</u> Fresh DPR for bio-remediation of 12 lac MTs of legacy waste prepared and forwarded to Administrative Department vide No: SMC/CSO/SWMO/1779 dated 31/3/2022 for accord of approval.				
<u>Garbage Transfer Stations:</u> Tenders for 3 Stations floated for 4th time.				
<u>Tractors for snow clearance:</u> Supply of 43 Tractors with trolleys received from MED. Being used for waste transportation in non-winter months.				
<u>Vacuum Cleaning & Water Sprinkling Vehicles:</u> Authority Letter issued to Chief Engineer, Mechanical Engineering Department for procurement of additional 10 Nos. each of Vacuum Cleaning vehicles and 10 Nos. of Water Sprinkler vehicles. Tenders floated by MED and partial procurement done. Supply expected by ending May 2024.				
<u>Wheeled bins:</u> Supply order for procurement of 500 Nos. of 120 litre wheeled bins issued. Supply received.				
<u>Personal Protection Equipment:</u> Uniform including gloves, goggles, masks, rain coats, pent/shirt, frock/shalwar, boots for Safaiwalas already ordered. 100% supply received and distributed amongst the sanitation workers.				
<u>Construction of landfill Cell No: IV</u> Tendering process already done. Administrative Approval granted. Allotment of work by June, 2024.				
3. Urban Local Bodies, Jammu				
As per the action plan the process of establishment of Solid Waste Management Processing Facilities in 21 ULBs has been completed, 04 ULBS work in progress, 2 ULBs work is in tendering stage and in 8 ULBs land has not been identified. In 01 ULB work stopped due to local issues. The capacities of the Solid Waste Management Facilities in different ULBs shall be commensurate with the waste generation in such ULBs. These facilities are being designed to take care of increased Municipal Solid Waste generation in the next 15 to 20 years. Tender for empanelment of agencies for supply and installation of machineries for MRF already completed.				
4. Urban Local Bodies, Kashmir

Plastic Waste Management

	Jammu Municipal Corporation	Srinagar Municipal Corporation	Directorate of Urban Local Bodies, Kashmir.
Total - waste generation.	40 TPD	As per the analysis of waste conducted at landfill site Achan on 24/1/2013, the waste has about 6% plastics. Therefore, the plastic waste collected at dumping site is around 31 TPD based on analysis done in the year 2013.	76 TPD
Treatment/Measures adopted for reduction or management of plastic waste.	JMC is procuring infrastructure related to collection & transportation, transfer Station, Underground bins, etc. for implementation of effective Solid Waste Management in Jammu City. Order has been placed for purchase of 66 E-rikshaws and delivery received. Order has been placed for the purchase of 89 autos and delivery received. JMC has purchased 100 nos. (six-bins) tricycle rickshaws for garbage collection from narrow streets. 8 Nos. of transfer stations were proposed out of which all transfer station stands work completed and functional. b. After awareness by JMC, 70 dairies/gaushalas have installed bio-gas units, vermicompost units& compost pits in their premises for scientific disposal of dung. (List	There is no treatment facility set up as on date. However; One number MRF has been set up at dumping site where 26 Rag Pickers are integrated with material recovery. The SMC is launching sustained awareness to educate citizens about the harmful effects of plastic made items, penalties etc & exhorts them to refrain from using plastic or plastic made items. SMC has set up at landfill site at Achan where more than 26 rag pickers are segregating plastic waste from Municipal Solid Waste. From September 2018 to April 2024, the Rag Pickers have collected 932 MTs of Plastic waste at Landfill site Achan. To enforce strict ban on sale, stock and carrying of polythene bags of <100 microns thickness, the SMC	1. The single use plastic has been banned in all 40 ULBS. 2. Awareness regarding hazardous effects of plastic is being imparted among general masses. 3. ULBs have conducted 360 Anti plastic drives to eradicate the menace of plastic. 4. All ULBs have distributed the eco-friendly material viz Jute bags as a replacement to plastic (bags) among inhabitants and also continuous awareness regarding hazardous of polythene/plastic through IEC activities are being conducted for mass consciousness of general public 5. Plastic waste management By-Laws have been notified/ adopted by all 40ULBS. 6. Special task force teams were constituted in all Municipal Councils/Committees of Kashmir Division to conducts raids in respective ULBs, seize the Single use plastic and impose fine on the

I/389908/2024

	Attached) c. JMC has launched sustained campaigns for plastic waste management and solid waste management from time to time with the help of SHGs, NGOs, and educational institutes. The themes of these campaigns are- Plastic free rallies, and cleaning of plastic waste from roadsides and households by students/ volunteers. d. From time to time JMC organizes various awareness programs on PWM at the Community level. e. JMC has decided that a zero-tolerance approach needs to be adopted to check the menace of Plastic/Single-use plastic & more focus to be given to the Behavior Change Communication (BCC) aspect. In this direction, a comprehensive campaign namely #Byebyeplasticand #Jammuagainstplasticwas launched by JMC with the following strategies: Establishment of Kiosks at prominent places of Jammu City where useful information will be shared regarding the ill effects of the usage of Plastic. Besides, these Kiosks will function as exchange points for Single-use plastic/ polythene with that of a Cloth/ Jute Bag. The public will be encouraged to use a Jute/ Cloth Bag for carrying daily	from Jan-2018 has seized and destroyed 8300 Kgs (including polythene seized by Ward Offices during routine drive) of banned polythene within the limits of Srinagar City and realized Rs. 11,40,00/- as fine from the defaulters in anti-polythene drives by Anti Polythene Squad and Ward Officers of the Corporation. The SMC has also constituted a squad to check the polythene menace in the city.	violators on daily bases. 7. A total of 6,529.48 Kg polythene has been seized and Rs. 13,59,470/- as fine has been imposed against the defaulters till date, out of which 73.45 kg and Rs 52,450/- are from the month of April- 2024. 8. ULBs have engaged 204 Eco Guards (rag pickers) in order to channelize the plastic waste to small scale industries and process of registering more rag pickers is under progress. 9. For effective implementation of single use plastic ban provision to penalize End User / citizens using plastic carry has been enforced. End User/citizens will have to pay fine of Rs 100 during September, Rs 200 in October, Rs 300 in November. ULBs have started penalizing End User plastics carry. citizens carrying 10. Moreover, waste management centers at every ULB have been approved under decentralized Solid Waste Management action plan in which plastic waste is planned to be segregated for recycling/reuse. 11. The drive has been conducted in presence of worthy Divisional Commissioner, Kashmir and Director, Urban Local Bodies Kashmir to replace plastic bags to non-woven bags, at the entry of Gulmarg Tourist Place 12. Data of every ULB regarding development of SUP App has been forwarded to the CPCB.

I/389908/2024

	provisions and goods. Encouraging Shopkeepers/ departmental store managers to keep Cloth/ Jute bags in their establishments for providing to customers instead of Plastic/ Polythene bags for packaging provisions. Some innovative messages are also displayed on the counters in this context. Conducting awareness programs for shopkeepers regarding various aspects and provisions of Plastic Waste Management Rules 2016 particularly with respect to "Explicit pricing of Plastic carry bags", so that customers be charged for using (approved- 120 microns) plastic/polythene bags, which will work as a deterrent to use polythene bags. Enforcement teams have been constituted to check the violations under subsequent amendments of Plastic Waste Management Rules, 2016, and appropriate fines and penalties are imposed on the violators on a regular basis. f. JMC has signed an MoU with CEE (Center for Environment Education) for setting up a recycling facility with 5 TPDs capacity and construction of civil work completed but machinery part will be completed by 30th June 2024.		13. Recently construction of MRF stand completed and inaugurated on 12 May 2023 at 9 sites which is processing plastic waste of 10 ULBS

X. Identification of Polluting sources including drains contributing to river pollution and action as per NGT order on insitu treatment:

Srinagar Municipal Corporation

To revive the pristine glory of the water bodies, rivers, lagoons, ponds, streams and so on existing in the Srinagar city, the Srinagar Municipal Corporation is actively participating in the water bodies clearance initiatives. Here are glimpses of some of the work done for restoration of water bodies of Srinagar city:-

1) Rejuvenation of Khushalsar / Gilsar:

The Srinagar Municipal Corporation is providing every assistance and support to Lakes and Waterways Development Authority, Irrigation & Flood Control Department by way of lifting and disposal of muck/garbage/weed etc. collected from the Khushalsar&Gilsar lakes. The SMC is lifting around 07 tipper loads of muck/garbage etc. at an average on daily basis. Every support is being given to the JK LCMA & I&FC Departments in rejuvenation and restoration of said water bodies.

2) Conservation of Dal/ NigeenLakes :

The Dal and Nigeen Lakes are surrounded by the 06 Municipal Administrative Wards comprising of Ward Nos. 01 (Nishat), 02 (Lalchowk), 03 (Dal), 08 (SaidaKadal), 11 (Lalbazar) & 12 (Hazratbal). The waste management of the peripheries of the twin lakes in said Municipal Wards is being done the Srinagar Municipal Corporation (SMC). The SMC is collecting the solid waste generated in the peripheries by households and business establishments on daily basis.

The SMC has already brought Ward No. 11 & Ward No. 01 under the ambit of 100% segregated door to door waste collection and efforts are on to include more wards particularly the remaining Wards under this ambit. It is being ensured that the waste generated in the peripheries is collected at source and disposed off accordingly. Nearly 40 MTD solid waste is generated in the peripheries of the Lakes which is being taken to the Municipal waste dumping facility using the different kinds of waste hauling vehicles such as Light Commercial Vehicles, Compactor Vehicles etc.

The SMC has also installed Waste Bins (Compactor Bins) alongside the peripheries of the Lakes, which are being emptied on regular basis.

The waste management of the interior Dal &Nigeen Lakes is being looked after by the Lakes Conservation Management Authority (LCMA). The SMC is providing transportation and disposal/dumping facility to the LCMA against the nominal charges. SMC has put its transportation facility available to the LCMA at 02 spots at Near Welcome Hotel, Boulevard Road & Ranger Stop, where the waste collected by the LCMA is loaded on the tippers for its final disposal at SMC's waste disposal facility at Achan Srinagar. Nearly 15 MTD waste is collected by the LCMA from the interiors of the Dal &Nigeen Lakes.

I/389908/2024

The SMC has constructed Trash Guards alongside the water channel from Khojyarbal to Nowpora wherein the trash flowing through the surface drains is trapped. The trapped trash is being subsequently cleared by the Boatmen-cum-Safaiwalas engaged by the SMC for the very purpose.

3) Sunday4Srinagar Programme:

The SMC continues its innovative Sunday4Srinagar programme and on every Sunday, bad spots, embankments of water bodies, water channels and wet lands are being cleared of the waste. Morethan 318 special sanitation drives have been launched in the areas of concern from March 2021 and relieved of legacy and dumped waste.

4) Hokarsar wet land:

Regular sanitation drives are being conducted of the embankments of the Hokarsar wet land besides 100% door to door waste collection is being done to ensure no waste is thrown or dumped in the wet land.
